# COVID-19 update

At the WSIB, we understand the impact the evolving COVID-19 situation is having on businesses across Ontario. We want to make sure you and your members have the most up-to-date information during this time. You may want to share with your members that the WSIB has made a decision regarding COVID-19 related claims costs.

We have determined that costs associated with COVID-19 related claims will not be allocated at an employer or class level. Instead, they will be allocated on a Schedule-wide basis and there will be no change in premium rates for 2020.

As always, you can find more information on [our website](#) including information on our [financial relief package](#) and [adjudicative guidance for COVID-19 claims](#).

---

The Workplace Safety and Insurance Board (WSIB) is here to help. When an injury or illness happens on the job, we move quickly to provide wage-loss benefits, medical coverage and support to help people get back to work. Funded by businesses, we also provide no-fault collective liability insurance and access to industry-specific health and safety information. We are one of the largest insurance organizations in North America covering over five million people in more than 300,000 workplaces across Ontario.
